ODE AU PLAISIR

A l'origine : l'envie de partager une passion, celle des lunettes. Certains adorent les bijoux, s'offrent pléthore de sacs, quand d'autres collectionnent les montres, emplit les boîtes de chaussures, se ruent sur le dernier Smartphone. Nous, ce sont les lunettes, cet objet familier et universel car tout le monde, ou presque, porte des lunettes !

Bienvenue dans un univers où se côtoient les rondes, les carrées, les papillonantes, les fines, les larges, les discrètes, les extravagantes, les invisibles, les colorées, les technologiques, les sportives, les moches aussi ! Elles semblent si simples d'apparence et se révèlent pourtant multiples, sont aussi intimes qu'elles se prêtent à tous les regards. Portées pour mieux voir et se protéger bien sûr, les lunettes sont aussi devenues des accessoires de mode à part entière. Pour briller les soirs de fête, flâner les week-ends à la campagne, accompagner un tailleur ou un jeans-baskets, les lunettes sont bel et bien des objets aux multiples facettes.

A l'arrivée : vous les raconter comme vous ne les avez jamais vues ! Sous le prisme de la mode, du design, du sport, de l'innovation, de la déco, de l'art ou encore du cinéma. Car les lunettes, instruments de désir et de paraître, sont de tous ces univers. Savourez nos découvertes et, surtout, faites-vous plaisir !

Christelle Bieuville & Véronique Voyssié
